GTP Annual Conference 2025 - Workshop Workinggroup Health Professionals

# GLOBAL HEALTH PROFESSIONAL EXCHANGE

## Opportunities, Challenges, and Future Perspectives

In this workshop, we will explore key aspects of international partnerships, focusing on effective collaboration, intercultural communication, and common challenges. Through group discussions, we will reflect on mutual learning, equality in cooperation, and ways to improve communication. We will also address potential obstacles, such as differing expectations, guidelines, and the role of decolonization in project work. By sharing experiences and perspectives, participants will develop strategies for stronger, more respectful, and solution-oriented partnerships.

**Time:** 2nd May, 3pm to 4:45pm

**Venue:** Medizinisches Lehrzentrum, Gießen

**Host:** Working Group Health Professionals

**Registration:** <https://globalchildhealth.de/en/gtp2025/>
